

## Elite Armory Range Rules

- Ear & eye protection is required by **everyone at the range**, even if you are not shooting.
- Range officers will remove anyone believed to be under the influence of drugs or alcohol. – ANY SUSPICION/DECISION MADE BY STAFF IS FINAL
- Firearms can ONLY be transported in cases.
- If you are sharing any firearms: all firearms will be placed in a lane, while the shooters switch lanes. NO handing firearms behind and around the lane barrier wall.
- Always point your firearm in a safe position. (Muzzle of the firearm will be pointed down range and parallel with floor at all times).
- **All firearms should be uncased & cased in the shooting lane only**, barrel pointed downrange at all times.
- Always keep your finger off the trigger until ready to shoot (your firearm is aimed at your target before you engage your trigger).
- No holstered firearms are allowed in or on the range at any time without prior permission (PC 832 exempt).
- **No rapid fire or double taps – Wait one second between your shots fired**
- If you need assistance for any reason, please leave everything on your bench and get an RSO to assist you.
- Follow all written, video, or verbal safety rules issued by members of the Facility's staff.
- Shooter-caused damage to range or equipment will result in a repair fine and/or removal from the range.
- Pregnant women are not allowed in the range due to possible exposure to lead.
- Restrictions:
  - a. For shotgun, slugs only , no buckshot or birdshot and the shotgun **MUST** have sights.
  - b. Rifles allowed up to .30-06 – If you have any questions as to whether your rifle/caliber qualifies, please ask an Elite Armory staff member.

***Lastly: If you have a question, please ask an Elite Armory Employee***
